Administrator's guide to set up Assignments with Zosimos in Sakai (v21)

These instructions are for LMS administrators who use Sakai v21 as their LMS and handle the LTI tool registrations at their school. Instructors will be able to use Zosimos as external tools in Lessons or Assignments after the integration.

Please note that this guide is working from Sakai version 21.

Add Zosimos as an external tool.

1. Log in as LMS administrator and select 'External Tools' from the Tool Menu in the Administration Workspace.

2. Click 'Install LTI 1.x Tool' on the 'Installed Tools' page.

3. Complete the following steps on the 'External Tool' page:

Enter text in the Tool Title field. When users access the tool on a site, this text displays at the top of the frame.

Allow the tool title to be changed.

Enter text in the Button Text field. When users access the tool on a site, they'll see this text in the Tool Menu.

| *Tool Title (Above the tool) | |
|---|----|
| Zosimos | |
| Allow tool title to be changed | |
| ◯ Do not allow | |
| Allow | |
| Choose a custom icon (leave empty to use the default icor | 1) |
| | |
| Allow custom icon to be changed | |
| Do not allow | |
| | |
| *Button Text (Text in tool menu) | |
| Zosimos | |
| Allow button text to be changed | |
| Do not allow | |
| | |

Set the tool to enabled and visible:

| Tool Status | |
|-----------------|--|
| Enabled | |
| ○ Disabled | |
| Tool Visibility | |
| Visible | |
| ○ Stealthed | |

Add https://zosimos.io/lti as a Launch URL:

Set the privacy, services, launch, and placing parameters accordingly:

| Privacy Settings: |
|---|
| Send User Names to External Tool |
| Send Email Addresses to External Tool |
| Services: |
| Allow External Tool to return grades |
| Allow External Tool to create grade columns |
| Provide Roster to External Tool |
| Allow External Tool to store setting data |
| Tools can generally accept direct LTI Launches or a Content-Item / Deep-Link Selection launches. It is not common, but some tools can handle both types of launch at one endpoint. |
| 🗹 The tool URL can receive an LTI launch |
| The tool can receive a Content-Item or Deep-Link launch |
| Indicate where these tools are placed in Sakai. |
| Allow the tool to selected from Lessons |
| Allow the tool to be one of the assignment types |
| Allow the tool to be used from the rich text editor |
| Tool supports the privacy launch message (experimental) |
| Allow the tool to provide a common cartridge (usually to be imported into a tool like Lessons) |
| Allow the tool to provide a file (usually as part of a file picker) |

4. Select LTI 1.3 for tools and complete the fields with the following data. Make sure that no extra characters (for example, spaces) are copied to the configuration settings form fields.

| LTI 1.3 Tool Keyset URL: | https://zosimo | <u>s.io/lti/keys</u> |
|--|-----------------|------------------------------|
| LTI 1.3 Tool OpenID Connect/Initialization | n Endpoint : | https://zosimos.io/lti/login |
| LTI 1.3 Tool Redirect Endpoint(s): | <u>https://</u> | /zosimos.io/Iti |

If you select LTI 1.3 support while inserting a tool, after the tool is saved, you will be presented the Sakai configuration information information to copy back to the tool. You can view this information in the tool view screen if you edit the tool information.

| ○ Tool does not support LT | 1.3 |
|----------------------------|-----|
|----------------------------|-----|

| 🔘 Tool | supports | LTI | 1.3 |
|--------|----------|-----|-----|
|--------|----------|-----|-----|

| LTI | 1.3 | Pla | tform | Issuer | (provide | to tool) |
|-----|-----|-----|--------|--------|----------|----------|
| X | xxx | XXX | XXXXXX | XXXXXX | xxxxxxxx | XX |

LTI 1.3 Tool Keyset URL (provided by the tool)

https://zosimos.io/lti/keys
LTI 1.3 Tool OpenID Connect/Initialization Endpoint (provided by the tool)

https://zosimos.io/lti/login

LTI 1.3 Tool Redirect Endpoint(s) (comma separated and provided by the tool)

https://zosimos.io/lti

6. After completing the registration in Sakai, please send back the URL that provides a JSON representation of these the LTI 1.3 values to <u>zosimos-support@chemaxon.com</u> :

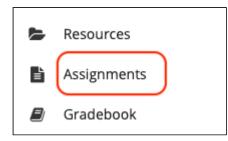

| EXTERNAL TOOLS | |
|---|----------|
| LTI 1.3 Values (Provide to the Tool) | |
| LTI 1.3 Platform Issuer (provide to tool) | |
| LTI 1.3 Client ld (provide to tool) | |
| x0000000000000000000000000000000000000 | |
| LTI 1.3 Platform OAuth2 Well-Known/KeySet URL (provide to t | ool) |
| XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX | 🖪 Сору |
| LTI 1.3 Platform OAuth2 Bearer Token Retrieval URL (provide | to tool) |
| X0000000000000000000000000000000000000 | 🖪 Сору |
| LTI 1.3 Platform OIDC Authentication URL (provide to tool) | |
| XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX | 🖪 Сору |
| LTI 1.3 Deployment ld (provide to tool) | |
| 1 Сору | |
| URL that provides a JSON representation of these values | |
| Show Copy | |

Both registration steps are required for the tool to work. It is normal to see the UNREGISTERED_PLATFORM error message if the second registration is still pending. Please continue this guide with the testing step after you receive confirmation from zosimos-support@chemaxon.com about the registration.

Test the functionalities of the integration - Assignment

Login to Sakai as an administrator. <u>Create a test course site</u> in Sakai with one teacher and one student <u>participant</u>.

Create a test assignment for the course after clicking on the Assignment button.

Name the assignment as 'Assignment 1' and give some instructions.

| Title * | |
|-------------------------------|---|
| Assignment 1 | ± |
| Assignment Instructions * | |
| O Source B I U ∞ ∞ 1 := .: ,, | |
| Please do the assignment. | |

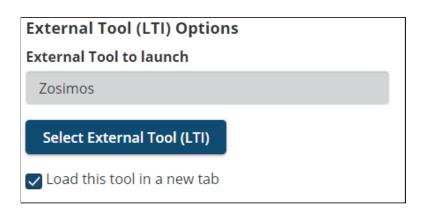

Then set the following details in the **Submission type** section using the **External Tool** option:

| Student Submissions | | | |
|---------------------|---------------------|---|--|
| Submission | External Tool (LTI) | - | |
| Туре * | | | |

Select the Zosimos tool as an external tool, and input the name of the assignment in the title field:

| *Tool Title (Above the tool) | |
|------------------------------|---------|
| Assignment 1 | <u></u> |

Tick the checkbox to load the Zosimos tool in a new tab:

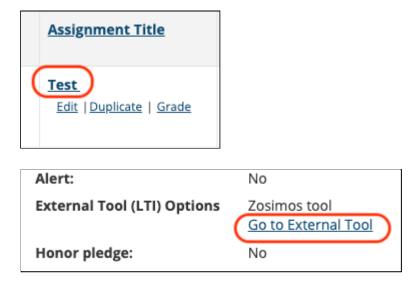

Enable grading on this assignment and set **Points** to 1. Allow sending grades to the Gradebook.

| Grading | |
|--|--|
| Hide submitters' identities (e.g. for anonymous grading) | |
| Grade this assignment | |
| Grade Scale* Points 🔻 | |
| Max Points★ 1 ✓ Send grades to the Gradebook | |

Click on 'Post' at the bottom of the page after applying all the above assignment settings.

In the next step, launch Zosimos by loading it in a new window.

Accept the **Terms and Conditions**, and then the Zosimos landing page should appear. Click on **New Quiz** in the top right corner and create a test quiz by following the steps below:

- 1. Change the quiz title to "Test quiz"
- 2. Type "1" in the question box
- 3. Select Text answer as the answer type
- 4. Type "1" as the correct answer

The created exercise should look like this:

| Test quiz 🖍 | | Student View Keep As Draft Done |
|------------------|-----------------------|---------------------------------|
| ii 1 1 | Exercise 1 | Text Answer 👻 🥻 |
| Add new exercise | Question | |
| | 1 | |
| | Question structure | |
| | Upload image | |
| | Text answer | |
| | Answer 1 | |

Click **Done** in the top right corner and then **Confirm** to finish the quiz. Your quiz will appear under **My Quizzes** on the landing page.

Click **Link To Activity** on the quiz card to set this newly created quiz as the content of your Canvas assignment:

| Test quiz Created by me 1 exercise | : | : |
|---|------------------------------|---|
| | Student View Link To Activit | у |

After this action, you will see the **Quiz Results** page that will show the student results later on.

Close the Zosimos tab and return to Sakai.

Create a second assignment called Assignment 2, and repeat the above steps.

Log in to the test course as a test student.

Find the test course and open the Test assignment by clicking on its name and then load it in a new window. Accept the **Terms and Conditions** and then complete the quiz by entering '1' as the answer:

| č zosimos | Test quiz 🛈 | ⊘ ₀/1 |
|------------------|-------------|--------------|
| 0 1 | 1 | |
| | Answer | |
| | 1 | |
| | | |

Click **Check Answer** to evaluate the response automatically and then **Result Page** to load the results. Close the Zosimos tab.

From the Assignments, launch the second assignment and input an incorrect value: '0' and click on Check Answer. Close the Zosimos tab.

From a teacher or administrator account, check the following to make sure that all functionalities are working::

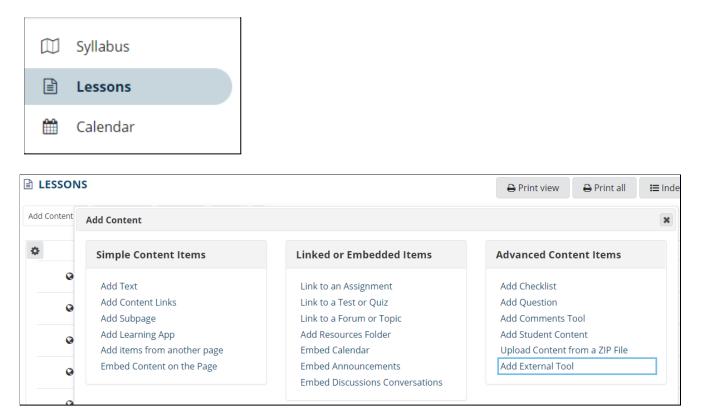

- In Sakai, open the course page and click **Gradebook**. You should be able to see the result of the Student user for both assignments.
- Click **Assignments** and then open the Test assignment and load it in a new window. You should be able to see the quiz result of the Student user along with the name of the student who completed the assignment.

| Test Student | | July 8, 2021 10:30:36 | ≤1 ′¹ | 100% ^ |
|---------------|--------------------------------|--------------------------|--------------|--------|
| 1 question | answers | | | •1/1 ^ |
| 1 | Correct answer 1 Answer 🖉 1 | | | |

Test the functionalities of the integration - Lessons

Login to Sakai as an administrator. Create a test course site in Sakai.

Create two lessons that use the external tool, named 'Lesson 1' and 'Lesson 2':

Choose Zosimos from the list of external tools, and set the name of the lesson as the title:

| *Tool Title (Above the tool) | |
|------------------------------|----|
| Lesson 1 | ±. |

Edit the created lesson and set it so it will open in a new window.

| Display Options |
|---|
| Open in New Window Open in New Lessons tool Page with 'next' and 'back' buttons Embed on page |

Ø,

匬

Click on the lesson's name to launch Zosimos in a new window.

Accept the **Terms and Conditions**, and then the Zosimos landing page should appear. Click on **New Quiz** in the top right corner and create a test quiz by following the steps below:

- 5. Change the quiz title to "Test quiz"
- 6. Type "1" in the question box
- 7. Select Text answer as the answer type
- 8. Type "1" as the correct answer

The created exercise should look like this:

| Test quiz 🖍 | | 2 | Student View Keep As Draft | Done |
|------------------|-----------------------|---|----------------------------|------|
| : 1 | Exercise 1 | | Text Answer 👻 | - |
| Add new exercise | Question | | | |
| | 1 | | | - 1 |
| | Question structure | | | - 1 |
| | Upload Image | | | |
| | Text answer | | | - 1 |
| | Answer i | | | - 1 |

Click **Done** in the top right corner and then **Confirm** to finish the quiz. Your quiz will appear under **My Quizzes** on the landing page.

Click **Link To Activity** on the quiz card to set this newly created quiz as the content of your Canvas assignment:

| Test quiz Created by me | : |
|----------------------------|-------------------------------|
| 1 exercise | |
| | Student View Link To Activity |

After this action, you will see the **Quiz Results** page that will show the student results later on.

Close the Zosimos tab and return to Sakai.

Repeat the above steps in 'Lesson 2'.

Log in to the test course as a test student.

Find the test course and open 'Lesson 1' by clicking on its name. Accept the **Terms and Conditions** and then complete the quiz by entering '1' as the answer:

| V zosimos | Test quiz ① | ⊘ 0/1 |
|------------------|-------------|--------------|
| 01 | 1 | |
| | Answer | |
| | 1 | |
| | | |

Click **Check Answer** to evaluate the response automatically and then **Result Page** to load the results. Close the Zosimos tab.

From Lessons, click on 'Lesson 2' and input an incorrect value: '0' and click on Check Answer. Close the Zosimos tab.

From a teacher or administrator account, check the following to make sure that all functionalities are working:

- In Sakai, open the course page and click **Gradebook**. You should be able to see the result of the Student user for both lessons.
- Click **Lessons** and then open 'Lesson 1' and load it in a new window. You should be able to see the quiz result of the Student user along with the name of the student who completed the assignment.

| Test Student | | | July 8, 2021 10:30:36 | ≤1 ′¹ | 100% ^ |
|---------------|--------------------------|----------|--------------------------|--------------|--------|
| 1 question | answers | | | | •1/1 ^ |
| 1 | Correct answer Answer | 1 • 1 | | | |
