# STANDALONE SOLUTIONS

## ChemCurator

Analyze & extract chemistry from docs, like patents on desktop

[DOCUMENTATION](#)  
[CHANGES](#)

## ChemLocator

Find chemical info in unstructured data - web based

[DOCUMENTATION](#)  
[CHANGES](#)

## Compliance Checker

Check system for shipping controlled substances - web-based

[DOCUMENTATION](#)  
[CHANGES](#)

## Compound Registration

Normalize, check, validate and register chemical compounds

[DOCUMENTATION](#)  
[CHANGES](#)

## Instant JChem

Chemical data management from A to Z on desktop

[DOCUMENTATION](#)  
[CHANGES](#)

## Markush Editor

Draw complex Markush structures on desktop

[DOCUMENTATION](#)  
[CHANGES](#)

## Marvin Live

Web-based molecule design, collaboration & report

[DOCUMENTATION](#)  
[CHANGES](#)

## MarvinSketch

THE chemical editor on desktop

[DOCUMENTATION](#)  
[CHANGES](#)

## MarvinView

View your molecules

[DOCUMENTATION](#)  
[CHANGES](#)

Plexus Suite

Web-based chemical data  
management solutions

[DOCUMENTATION](#)

## TOOLKITS AND COMPONENTS

---

### Biomolecule Toolkit

Back-end for connecting  
biology and chemistry

[DOCUMENTATION](#)

[CHANGES](#)

### Calculators and Predictors

Physico-chemical  
calculations & predictions  
(pKa, logP, NMR etc.)

[DOCUMENTATION](#)

[CHANGES](#)

### Document to Structure

Extracting chemical  
information from documents

[DOCUMENTATION](#)

[CHANGES](#)

### JChem Base

Making object-relational  
database management  
systems chemically aware

[DOCUMENTATION](#)

[CHANGES](#)

### JChem Oracle Cartridge

Making object-relational  
database management  
systems chemically aware

[DOCUMENTATION](#)

[CHANGES](#)

### JChem PostgreSQL Cartridge

Making object-relational  
database management  
systems chemically aware

[DOCUMENTATION](#)

[CHANGES](#)

### JChem Web Services

Making object-relational  
database management  
systems chemically aware

[DOCUMENTATION](#)

[CHANGES](#)

### JKlustor

Clustering and diversity  
analysis for chemical  
libraries

[DOCUMENTATION](#)

[CHANGES](#)

### Markush Tools

Analyze virtual combinatorial  
libraries & patent Markush  
structures

[DOCUMENTATION](#)

Marvin JS

Screen Suite

Name to Structure

Designing molecules on the web

[DOCUMENTATION](#)

[CHANGES](#)

Toolkit for 2D and 3D molecular screening

[DOCUMENTATION](#)

[CHANGES](#)

Converting various chemical names to structures on Asian languages too

[DOCUMENTATION](#)

[CHANGES](#)

#### Reactor

A high performance virtual synthesis engine

[DOCUMENTATION](#)

[CHANGES](#)

#### Standardizer

Canonicalizing chemical structures

[DOCUMENTATION](#)

[CHANGES](#)

#### Structure Checker

Correcting errors in chemical structures

[DOCUMENTATION](#)

[CHANGES](#)

#### Structure to Name

IUPAC and common names

[DOCUMENTATION](#)

[CHANGES](#)

## THIRD-PARTY INTEGRATION

---

#### JChem for Office

Making chemistry happen in Excel, Word, PowerPoint & Outlook

[DOCUMENTATION](#)

[CHANGES](#)

#### JChem for SharePoint

Adding chemical intelligence to SharePoint

[2013 V2.2](#)

[V2.1](#)

#### KNIME Nodes

[DOCUMENTATION](#)

[CHANGES](#)
